2. On any given flight, the carrier may limit the number of passengers carried at any given fare. All fares will not necessarily be available on all flights. The Carrier requires a 50,00€/\$70,00 deposit per passenger at the time of booking. This deposit is non-refundable and non-creditable in the event of a full and/or partial cancellation; however the deposit is applicable to final payment.

(E) Advance Notice

Where a passenger requests a service set out in this rule at least 48 hours prior to departure, the carrier will provide the service. Such requests should be made by the passenger at the time of reservation, and as far in advance of travel as possible. Where a passenger requests a service less than 48 hours prior to departure, the carrier will make a reasonable effort to provide the service.

(F) Seating Restrictions and Assignment

When a person identifies the nature of his or her disability, the Carrier will provide the passenger an appropriate seat assignment.

Passengers with a disability will not be permitted to occupy seats in designated emergency exit rows, or otherwise in accordance with applicable safety-related rules and regulations.

Persons with disabilities and their attendants will, if they so request, be seated together or in other seating arrangements of their choice.

(G) Acceptance of Aids

In addition to the regular baggage allowance, the Carrier will accept, without charge, as priority checked baggage, mobility aids, including:

1. **On the ATR aircraft only**, wheelchairs and scooters with non-spillable dry cell batteries, including lead acid, with terminals disconnected and taped.

The passenger will arrange for wet cell batteries from wheelchairs and scooters to be packaged in an approved leak proof container. The Carrier will be responsible for the disconnection and reconnection of any terminals.

Scooters shall be required to be checked in and the passenger shall transfer to a wheelchair provided by the Carrier. Adequate time is needed to disconnect/connect and dismantle and reassemble the scooter before and after the Flight and the Carrier shall make best efforts to perform this task in a timely manner.

2. **Other mobility aids**: the Carrier will accept walkers, canes, crutches, prostheses, communication devices and other medical devices at no extra charge and in addition to the Baggage allowance. Walkers, crutches and canes may be retained by the passenger while in Flight provided that the device can be stowed in an approved location without exceeding the weight limit for the most

appropriate area of the aircraft, and the device does not obstruct access to safety equipment, exits or the aisle.

Where the aircraft design does not permit the carriage of the aid, the Carrier will advise the person with a disability of alternate transportation arrangements that the person may make to transport the aid, or to travel with the aid.

The assembling and disassembling of mobility aids is provided by the carrier without charge.

Wheelchairs and mobility aids will be the last items to be stowed in the aircraft hold and the first items to be removed.

NOTE: For provisions related to limitations of liability regarding loss of, damage to, or delay in delivering mobility aids, refer to Rule 115(A)2.

The carrier will permit the person who uses a manually operated wheelchair to remain in the wheelchair:

1. until the person reaches the boarding gate;
2. where facilities permit, while the person is moving between the terminal and the door of the aircraft;
3. where space and facilities permit, while the person is moving between the terminal and the passenger seat.

(H) Services to be Provided

Carrier will ensure that services are provided to persons with disabilities when a request for such services is made at least 24 hours prior to departure and will make reasonable efforts to accommodate requests not made within this time limit. Services to be provided upon request will include:

1. Assisting with registration at the check-in counter;
2. Assisting in proceeding to the boarding area;
3. Assisting in boarding and deplaning;
4. Assisting in stowing and retrieving carry-on baggage and retrieving checked baggage;
5. Assisting in moving to and from an aircraft lavatory;
6. Assisting in proceeding to the general public area or, in some cases, to a representative of another carrier;
7. Transferring a person between the person's own mobility aid and a mobility aid provided by the carrier;
8. Transferring a person between a mobility aid and the person's passenger seat;
9. Providing limited assistance with meals, such as opening packages, identifying items;
10. Inquiring periodically during a flight about a person's needs; and

11. Briefing individual passengers with disabilities and their attendant on emergency procedures and the layout of the cabin.

(I) Boarding and Deplaning

Persons with disabilities needing assistance with boarding and deplaning may be required to board separately (normally prior to all other passengers) and disembark separately (normally after all other passengers).

(J) Communication and Confirmation of Information

The carrier will ensure that instructions relating to requests for accommodation from persons with disabilities are passed on to appropriate personnel along with other special instructions. A list of the services that the operator had undertaken to provide at the time of reservation will also be transmitted to the personnel assisting such persons.

Announcements to passengers concerning stops, delays, schedule changes, connections, onboard services and claiming of baggage will be made in visual, verbal and/or written format to persons with disabilities who request such a service.

The carrier will supply a written confirmation of such services and, whenever possible, will indicate in the record of a person's reservation any services that it will provide to that person.

(K) Inquire Periodically

When persons in wheelchairs who are not independently mobile are waiting to board an aircraft, the carrier will inquire periodically about their needs, and shall attend to those needs where the services required are usually provided by the air carrier.

(B) Animals as Checked Baggage

1. The number of animals carried is limited by aircraft type; a maximum of 2 cages per flight (one animal per cage) is permitted on the ATR aircraft only.
2. For international travel, pursuant to the provision of the applicable convention, once an animal is accepted for carriage as checked baggage, the carrier is liable in the event of damages arising from loss, damage and delay of an animal as specified in Rule 115, Limitations of Liability.

6. If the container/kennel exceeds the maximum weight mentioned in 3. above, passengers will require to tender the animal as checked baggage.
7. The carrier may request a passenger with an in-cabin animal to change seats after boarding to accommodate other passengers.
8. The passenger will be asked to complete and sign the "REQUIREMENTS FOR TRANSPORTING ANIMALS IN THE CABIN" form.

Carrier will accept for transportation, without charge, a service animal required to assist a person with a disability provided that the animal is properly harnessed and certified in writing as having been trained by a professional service animal institution, to accompany the person on board the aircraft and to remain on the floor at the person's passenger seat. For the comfort of all passengers, the carrier staff will determine, in consultation with the person with a disability, where the person and service animal will be seated. Except as may otherwise be provided for in this tariff, the carrier will not be responsible in the event of injury, sickness or death of such animal.

The person with a disability must make all arrangements and assume full responsibility for complying with laws, customs and/or other governmental regulations, requirements, or restrictions of the country, province, state or territory to which the animal is being transported, including but not limited to furnishing valid health and vaccination certificates, when required. 2. The passenger is responsible for complying with all laws, regulations, orders, demands, and travel requirements of countries to be flown from, into or through and also for complying with the instructions of the concerned carriers.
3. The carrier will not be liable for any help or information given either verbally or in writing to the passenger in good faith about proper travel documentation.
4. The carrier will not be liable to the passenger for any consequences resulting from the failure of the passenger to obtain the necessary travel documents or from the failure to comply with the laws, regulations, orders and/or demands of countries to be flown from, into or through.

(B) Travel Documents

1. Prior to travel, the passenger must be prepared to submit for inspection to the carrier all travel documents required by the concerned countries.
2. The carrier will have the right to make and retain copies of the travel documents presented by the passenger.
3. As described in Rule 105, Refusal to Transport, the carrier reserves the right to refuse transportation to any passenger who fails to present all exit, entry, health and other documents required by law, regulation, order, demand or other requirement of the countries where travel is intended or whose travel documents do not appear to be in order.

(C) Fines, Detention Costs

1. If the carrier is required to pay any fine or penalty or has incurred any expense because the passenger was refused entry into a country by reason of her/his failure to comply with the laws, regulations, orders and/or requirements of that country or has failed to produce required travel documents, the passenger will reimburse the carrier, on demand, any amount so paid or expenses incurred by the carrier.

2. A passenger found inadmissible either en route or at destination will not be provided a refund by the carrier on any used sector irrespective of the fare purchased. However, the passenger will be entitled to any residual value remaining on his or her ticket for any unused sectors respectively of the fare purchased. The passenger may choose to have this residual value refunded depending if refundable or nonrefundable ticket, or applied towards the issuance of another ticket with applicable exchange penalties.

(D) Customs and Immigration Inspection

As required, the passenger must be present for the inspection of his/her baggage by customs or other government officials.

The carrier will not be liable for any loss or damage suffered by the passenger in the course of such inspection or through the passenger's failure to comply with this requirement if the passenger's baggage was not in the charge of the carrier.

(E) Security Inspection

The passenger shall submit to all necessary security checks by government, airport officials and by personnel of the carrier.

Rule 85: Ground Transfer Services

(A) General

1. The carrier does not maintain, operate or provide ground transfer services between airports or between airports and city centers.
2. Any ground transfer service is performed by independent operators who are not and shall not be deemed to be, agents or servants of the carrier.
3. Any effort by an employee, agent or representative of the carrier in assisting the passenger to make arrangements for such ground transfer service shall in no way make the carrier liable for the acts or omissions of such an independent operator.

Rule 90: Schedule Irregularities

(A) Applicability

This rule applies to all passengers irrespective of the type of fare on which they are travelling.

(B) General

1. The carrier will make all reasonable efforts to transport the passenger and his/her baggage at the times indicated in its timetable.
2. Times shown in timetables or elsewhere are approximate and not guaranteed and form no part of the contract of carriage. Schedules are subject to change without notice and the carrier assumes no responsibility for the passenger making connections. The carrier will not be responsible for errors or omissions either in timetables or other representation of schedules. No employee, agent or representative of the carrier is authorized to bind the carrier by any statement or representation regarding the dates or times of departure or arrival, or of the operation of any flight.
3. The carrier will not guarantee and will not be held liable for cancellations or changes to flight times that appear on passengers' tickets due to force majeure. However, in the case of international transportation, a passenger may invoke the provisions of Convention regarding liability in the case of passenger delay. (see Rule 115(A)3.)
4. The carrier will make all reasonable efforts to inform passengers of delays and schedule changes and, to the extent possible, the reason for the delay or change through the following methods:
 - a) an audible announcement (must provide status updates of flights every 30 minutes until a new departure time has been set);
 - b) flight information display screens in airports where available;
 - c) announcement on its Website and Facebook page or by email;
 - d) persons with disabilities may choose their preferred method of communication within the existing options provided by the Carrier.
5. It is always recommended that the passenger communicate with the carrier either by telephone, electronic device or via the carrier's website to ascertain the flight's status and departure time.

6. In the case of schedule irregularities, the carrier will give priority for assistance to any person with a disability and unaccompanied minors.

(C) Passenger Options – Re-Rerouting or Refund

1. Given that a passenger has a right to information on flight times and schedule changes, the carrier will make reasonable efforts to inform passengers of schedule irregularities and to the extent possible, the reason for the schedule irregularities.
2. In the event of a schedule irregularity, within the carrier's control, the carrier will present the passenger with the following options:
 - (a) Carry the passenger to the destination named on the ticket, or applicable portion thereof, within a reasonable amount of time, on another of its passenger aircraft or,
 - (b) Reroute the passenger to the destination named on the ticket, or applicable portion thereof, on its own transportation services within a reasonable amount of time. If the fare for the revised routing is higher than the fare paid by the passenger, the carrier will require no additional payment from the passenger; or,
 - (c) Reroute the passenger to the destination named on the ticket, or applicable portion thereof, on another air carrier's transportation services, including interline or, where possible and necessary, non-interline carriers, within a reasonable amount of time. If the fare for the revised routing is higher than the fare paid by the passenger, the carrier will require no additional payment from the passenger; or,
 - (d) If the passenger chooses to no longer travel as the schedule irregularity results in the loss of purpose of travel or if the carrier is unable to perform the option stated in (a), (b) or (c) above within a reasonable amount of time, the carrier will refund the full amount of the ticket in accordance with Rule 120(B)2 as well as 125 CAD compensation for inconvenience.

Nothing in the above shall limit or reduce the passenger's right, if any, to claim damages, if any, under the applicable convention, or under the law when neither convention applies.

In addition to the above, the carrier will always consider the needs of the passenger on a case by case basis and take into account all known circumstances to avoid or mitigate the damages caused by the schedule irregularity within the carrier's control.

3. In the event of a schedule irregularity, not within the carrier's control (e.g. weather), the carrier will provide the following:

- (a) The carrier will offer the passenger the choice to travel on another of its scheduled flights on the same route as the passenger was originally ticketed.
- (b) Should the alternate transportation proposed by the carrier not meet the passenger's satisfaction, the unused portion of the passenger's ticket(s) will be refunded. The refund will be made to the purchaser of the ticket(s). The form of refund will be the same form used as payment of the ticket(s). For complete conditions on refunds see Rule 120(B).
- (c) When a refund is requested as a result of a schedule irregularity, the passenger must submit the unused portions of his/her ticket(s) to the carrier by no later than 30 days after the validity shown on the ticket(s).

(D) Right to Care

1. Except as otherwise provided in other applicable foreign legislation, in addition to the provisions of this rule, in case of scheduled irregularity within the carrier's control a passenger will be offered the following:
 - (a) For a schedule irregularity lasting longer than 4hours, the carrier will provide the passenger food and drink in reasonable quantities by means of meal vouchers.
 - (b) For a schedule irregularity lasting more than 8 hours or overnight, the carrier will provide overnight hotel accommodation and airport transfers for the passenger. The carrier is not obligated to provide overnight accommodation for passengers at the first airport of departure appearing on the ticket.

(E) Tarmac Delays

1. A tarmac delay is considered an uncontrollable circumstance causing a ground delay (i.e. weather, gateavailability, airport conditions, mechanical problems, Air Traffic Control restrictions etc.) A tarmac delay occurs when passengers are confined in an aircraft, with the aircraft doors closed, with no immediate opportunity to disembark.
2. In the case of a tarmac delay of 3 hours or less, the Carrier will make all reasonable effort to ensure essential needs are met by providing reasonable quantities of food, drink (every 30 minutes), access to an operable lavatory and will assist a passenger that requires urgent medical assistance to obtain these services. The Pilot in Command is responsible for the safe operation of the flight and will only permit service on board if safety considerations permit. Food and drink service can not jeopardize safety of the passengers or crew (i.e. movement of the aircraft, imminent take-off etc.)

3. Passengers will be permitted to use their personal electronic devices i.e. mobile phones, to communicate with people outside the aircraft provided there is no safety impact to operations, as determined by the pilot in command.
4. If the cabin interior becomes uncomfortable due to lack of cooling or heating, the Carrier should provide an opportunity for passengers to disembark. Once a Carrier aircraft is delayed on the tarmac, at an airport within Canada, for more than 3 hours, the Carrier must ensure that resources are arranged to allow passengers to disembark (i.e. ground handling and customer service staff etc.) If feasible, passengers with disabilities (including support persons, service animals) will be given the option to disembark first if they wish to do so.
5. Passengers that have disembarked will remain under the guidance of qualified personnel until they are safely inside the designated area. The Carrier will coordinate and work with third parties to plan logistics for a tarmac delay (i.e. airport authorities, ATC, etc.) The Carrier Service Representative will assist with re-accommodation or any required special services for affected passengers.
6. The Carrier is not required to let passengers disembark at the 3-hour mark if takeoff is imminent or if they are prevented by reasons beyond their control, i.e. safety, security, Air Traffic Control, or any means that impede on the safety and security of the passenger.

Rule 95: Denied Boarding and Overbooking

The carrier does not overbook flights, therefore, no denied boarding compensation is offered to the passenger.

However, if a flight is overbooked due to involuntary technical issue and the carrier is not able to accommodate a passenger on the flight on which he or she held confirmed and ticketed reservations, the carrier will:

- (a) Arrange to provide reasonable alternate transportation on its own services; or
- (b) If the carrier is unable to provide reasonable alternate transportation on its own services, the carrier will try to arrange transportation on the service of another carrier or combination of carriers on a confirmed basis in the same comparable, or lower booking code; or
- (c) Refund the total fare paid for each unused segment if the passenger decides not to travel anymore.

In addition of (a) and (b), the carrier will also reimburse any additional costs, if applicable (accommodation, meals, ground transportation, etc.).

Rule 100: Passenger Rights (Per Flight Rights Canada)

The principles of Flights Rights Canada have been incorporated fully in to the following rules:

1. Rule 55, Baggage and Cargo Acceptance
2. Rule 90, Schedule Irregularities
3. Rule 95, Denied Boarding and Overbooking
4. Rule 120, Refunds

Rule 105: Refusal to Transport

(A) Refusal to Transport – Removal of Passenger

The carrier will refuse to transport, or will remove any passenger at any point for any of the following reasons:

1. Government Requests, Regulations and Force Majeure

Whenever it is necessary or advisable to:

- (a) comply with any government regulation; or,
- (b) comply with any government request for emergency transportation; or,
- (c) address force majeure.

2. Search of Passenger and Property

When the passenger refuses to permit a **search** of his person or property for explosives or for concealed, prohibited, deadly or dangerous weapon(s) or article(s).

3. Proof of Identity/Age

When the passenger refuses a request to produce government-issued identification to demonstrate proof of identity.

Note: The carrier is required to screen each passenger by looking at the passenger, and in particular the passenger's entire face, to determine if they appear to be 18 years of age or older.

The carrier is also required to screen each passenger who appears to be 18 years of age or older by comparing the passenger, and in particular the passenger's entire face, against one piece of government-issued photo identification that shows the passenger's name, date of birth and gender.

4. Immigration or Other Similar Considerations

When the passenger is to travel across any international boundary, if:

- (a) The travel documents of the passenger are not in order; or,
- (b) For any reason the passenger's embarkation from, transit through, or entry into any country from, through, or to which the passenger desires transportation would be unlawful or would otherwise not be permitted.

5. Failure to Comply with Carrier's Rules and Regulations

When the passenger fails or refuses to comply with rules and regulations of the carrier as stated in this tariff.

6. Passenger's Condition

- (a) When the passenger's actions or inactions prove to the carrier that his/her mental, intellectual or physical condition is such as to render him/her incapable of caring for himself/herself without assistance or medical treatment en route unless:
- (i) the passenger is accompanied by a personal attendant who will be responsible for assisting with the passenger's needs en route such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by the carrier; and,
 - (ii) the passenger complies with requirements of Rule 70, Carriage of Persons with Disabilities.

Exception: (for transportation to/from Canada) the carrier will accept the determination of a person with a disability as to self-reliance as per Rule 70, Carriage of Persons with Disabilities.

Note: If the passenger is accompanied by an attendant and the passenger is refused transport, then the attendant will also be refused transport and the two will be removed from the aircraft together.

- (b) When the passenger has a contagious disease.
- (c) When the passenger has an offensive odour.

Medical clearance

- (d) When the carrier determines, in good faith and using its reasonable discretion, that a passenger's medical or physical condition involves an unusual hazard or risk to their self or other persons (including, in the case of expectant mothers, unborn children) or property. The carrier can require the passenger to provide a medical certificate as a condition of the passenger's acceptance for subsequent travel. The carrier may refuse transportation to the person posing such hazard or risk.

Note: Pregnant passengers:

- (i) An expectant mother with a complication-free pregnancy can travel on the carrier's flights up to the 36th week of her pregnancy or up to four weeks before her expected due date without a medical certificate.
- (ii) An expectant mother who is in or beyond the 36th week of her pregnancy must present a medical certificate, dated within 72 hours of the scheduled time of departure. The certificate must state that the physician has examined the patient and found her to be physically fit for travel by air and the certificate must state the estimated date of birth.

(B) Passenger's Conduct – Refusal to Transport – Prohibited Conduct and Sanctions

1. Prohibited Conduct

Without limiting the generality of the preceding provisions, the following constitutes prohibited conduct where it may be necessary, in the reasonable discretion of the carrier, to take action to ensure the physical comfort or safety of the person, other passengers (in the future and present) and/or the carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations:

- (a) The person, in the reasonable judgement of a responsible employee of the carrier, is under the influence of alcohol or drugs (except a patient under medical care).
- (b) The person's conduct, or condition is or has been known to be abusive, offensive, threatening, intimidating, violent or otherwise disorderly, and, in the reasonable judgement of a responsible employee of the carrier, there is a possibility that the person would cause disruption or serious impairment to the physical comfort or safety of other passengers or carrier's employees, interfere with a crew member in the performance of his/her duties, or otherwise jeopardize safe and adequate flight operations.
- (c) The person's conduct involves any hazard or risk to their self or other persons (including travel involving pregnant passengers or unborn children) or to property.
- (d) The person fails to observe the instructions of the aircraft crew, including instructions to stop any prohibited conduct.
- (e) The person is unable or unwilling to sit in his/her assigned seat with the seat belt fastened.
- (f) The person smokes or attempts to smoke in the aircraft.
- (g) The person uses or continues to use a cellular phone, a laptop computer or another electronic device onboard the aircraft after being advised to stop such use by a member of the crew.
- (i) The person is inappropriately dressed.
- (j) The person has a prohibited article or concealed or unconcealed weapon(s). However, the carrier will carry law enforcement or armed forces personnel who meet the qualifications and conditions established under government regulations.

- (k) The person has resisted or may reasonably be believed to be capable of resisting escorts.

2. Carrier Response to Prohibited Conduct

Where, in the exercise of its reasonable discretion, the carrier decides that the passenger has engaged in prohibited conduct described above, the carrier may impose any combination of the following sanctions:

- (a) Removal of the passenger at any point.
- (b) **Probation:** At any time, the carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the carrier to provide transport to the passenger. Such probationary conditions may be imposed for any length of time which, in the exercise of the carrier's reasonable discretion, is necessary to ensure the passenger continues to avoid prohibited conduct.
- (c) **Refusal to Transport the Passenger:** The length of this refusal to transport may range from a one-time refusal to a longer period determined at the reasonable discretion of the carrier in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until the carrier is satisfied that the passenger no longer constitutes a threat to the safety of other passengers, crew or the aircraft or to the comfort of other passengers or crew; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations.
- (d) The following conduct will automatically result in a refusal to transport, up to a possible lifetime ban:
 - (i) The person continues to interfere with the performance of a crew member's duties despite verbal warnings by the crew to stop such behaviour.
 - (ii) The person injures a crew member or other passenger or subjects a crew member or other passenger to a credible threat of injury.
 - (iii) The person displays conduct that requires an unscheduled landing and/or the use of restraints such as ties and handcuffs.
 - (iv) The person repeats a prohibited conduct after receiving a notice of probation as mentioned in 2. above.

These remedies are without prejudice to the carrier's other rights and recourses, namely to seek recovery of any damage resulting from the prohibited conduct or as otherwise provided in the carrier's tariffs, including recourses provided in the carrier's frequent flyer program or the filing of criminal or statutory charges.

(C) Recourse of the Passenger/Limitation of Liability

1. The carrier's liability in case of refusal to carry a passenger for a specific flight or removal of a passenger en route for any reason specified in the foregoing paragraphs will be limited to the recovery of the refund value of the unused portion of the passenger's ticket in accordance with Rule 120(B), Involuntary Refunds.

Notwithstanding the foregoing paragraph, passengers and their baggage will be entitled to all other additional rights they may have under this tariff or elsewhere or any legal rights that international passengers may have pursuant to international conventions (e.g., the Warsaw Convention or the Montreal Convention) and related treaties.

2. A person who is refused carriage for a period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the carrier, in writing, the reasons why he/she believes they no longer poses a threat to the safety or comfort of passengers or crew, or to the safety of the aircraft. Such document may be sent to the address provided in the refusal to carry notice or the notice of probation.
3. The carrier will respond to the passenger within a reasonable period of time providing carrier's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

Rule 110: Tickets

(A) General

1. A ticket will not be issued and the carrier will not carry the passenger unless the passenger has paid the applicable fare or has complied with all credit arrangements.
2. Before boarding, the passenger must present the carrier with proof that he/she has been issued a valid ticket for the flight. Such proof must be in the form of an itinerary/receipt, a record locator or reservation number, or boarding pass and the passenger must provide the carrier with positive identification to be entitled to transportation. The ticket will give the passenger the right to transportation only between the points of origin and destination, and on the dates, times and via the routing shown on the ticket.
3. Flight coupons will be honoured only in the order, in which they are displayed on the passenger's ticket and stored in the carrier's database.
4. The ticket remains at all times the property of the carrier which issued the ticket.
5. The carrier does not permit the passenger to hold more than one confirmed reservation/ticket on the same departure flight/origin and destination for the same travel date.

(B) Validity for Carriage

1. **General:** When validated, the ticket is good for carriage from the airport of departure to the airport of destination via the route shown on the ticket and is valid for the period of time referred to in 2 below. The passenger will be accepted for carriage on the date and flight segments for which a seat has been reserved. When flight segments are issued on an "**open date**" basis (see Rule 110(E) below), a seat will be reserved only when the passenger makes a reservation request with the carrier. The carrier's agreement to accept a reservation request is subject to the availability of space. The place and date of issue are then indicated on the ticket.
2. **Period of Validity:** The period of validity for transportation is one year from the date on which transportation commences at the point of origin designated on the original ticket, or, if no portion of the ticket is used, one year from the date of issuance of the original ticket.
3. **Expiration of Validity:** Tickets expire at midnight on the last day of validity based on where the ticket was issued.

(C) Extension of Ticket Validity

1. **Carrier's Operations:** If a passenger is prevented from travelling within the period of validity of his/her ticket because the carrier:
 - (a) Cancels the flight upon which the passenger holds confirmed space;
 - (b) Fails to operate a flight reasonably according to schedule;
 - (c) Is unable to provide previously confirmed space.

The carrier will, without collecting any additional fare, extend the validity of the passenger's ticket until the passenger can travel on the first flight of the carrier, in the class of service which the passenger's fare was paid, and for which space is available. Validity can only be extended up to 30 days.

2. **Lack of Space:** If the passenger who is in possession of a ticket is prevented from travelling within the period of validity of his/her ticket because the carrier is unable to provide space, the validity of the passenger's ticket will be extended until he/she can be re-accommodated on the first flight which has space available in the same class of service which the passenger had originally paid to travel.
3. **Medical Reason:** If the passenger is unable to commence travel due to medical reasons, the carrier will extend the period of validity beyond the original validity expiry date for a maximum of three months. A ticket can only be extended once and the extension must be requested within 30 days prior to the expiry date of the original ticket validity. The medical reason must be certified in writing by a physician specifying that the passenger is prevented from commencing his journey before his/her original ticket expires.

(D) Coupon Sequence

Flights appearing on the passenger's itinerary receipt and in the carrier's database must be used in sequence from the place of departure as shown on the passenger's ticket. Each flight coupon will be accepted for transportation on the date and flight for which space has been reserved.

(E) Open Tickets

If a ticket or a flight coupon is issued without a specific seat on a flight being reserved in the carrier's reservation system, i.e. left open, space may be later reserved subject to the tariff conditions of the purchased fare and provided space is available on the flight requested.

(F) Non-transferability

A ticket is not transferable.

Note: The carrier will not be liable to the person named on the ticket if the ticket is either presented for transportation or for a refund by another person. The carrier will refuse transportation to any person other than the person named on the ticket.

Part IV – After Travel

Rule 115: Limitations of Liability

Applicable to International Transportation to and from Canada

(A) Laws and Provisions Applicable

Liability in the case of death or bodily injury of a passenger

1. The carrier shall be liable under the Montreal Convention, for recoverable compensatory damages sustained in the case of death or bodily injury of a passenger, as provided in the following paragraphs:
 - (a) The carrier shall not be able to exclude or limit its liability for damages not exceeding 128 821 Special Drawing Rights for each passenger.
 - (b) The carrier shall not be liable for damages to the extent that they exceed 128 821 Special Drawing Rights for each passenger if the carrier proves that:
 - (i) Such damage was not due to the negligence or other wrongful act or omission of the carrier or its servants or agents; or
 - (ii) Such damage was solely due to the negligence or other wrongful act or omission of a third party.
 - (c) The carrier reserves all other defenses and limitations available under the Montreal Convention, to such claims including, but not limited to, the exoneration defense of Article 20 of the Montreal Convention.
 - (d) With respect to third parties, the Carrier reserves all rights of recourse against any other person, including, without limitation, rights of contribution and indemnity.
 - (e) The carrier agrees that, subject to applicable law, recoverable compensatory damages for such claims may be determined by reference to the laws of the country of the domicile or country of permanent residence of the passenger.
2. In cases of bodily injury or death, the carrier shall make an advance payment where the Carrier determines it is necessary to meet the immediate economic needs of, and hardship suffered by, a passenger as provided in the following paragraphs:

- (a) Unless a dispute arises over the identity of the person to whom an advance payment shall be made, the Carrier shall, without delay, make the advance payment to the passenger in an amount or amounts determined by the Carrier in its sole discretion. In the event of death of a passenger, the amount of the advance payment shall not be less than 16,000 Special Drawing Rights, which shall be paid to a representative of the passenger's next of kin eligible to receive such advance payment as determined by the Carrier in its sole discretion.
- (b) The Carrier shall make the advance payment as an advance against the Carrier's liability under the Montreal Convention. An advance payment shall not constitute recognition of liability. An advance payment shall be offset against, or deducted from the payment of, any settlement or judgment with respect to any claim for compensation on behalf of the passenger.
- (c) The Carrier, in making an advance payment, does not waive any rights, defenses, or limitations available under the Montreal Convention, to any claim, nor shall acceptance of an advance payment constitute a release of any claim, whatsoever, by any person.
- (d) The Carrier, in making an advance payment, preserves its right to seek contribution or indemnity from any other person for such payment, which shall not be deemed to be a voluntary contribution or contractual payment on the part of the Carrier.
- (e) The Carrier may recover an advance payment from any person where it is proven that the Carrier is not liable for any damage sustained by the passenger, or where it is proven that the person was not entitled to receive the payment, or where and to the extent that it is proven that the person who received the advance payment caused, or contributed to, the damage.

Liability in the case of passenger delay

- 3. The Carrier shall be liable for damage occasioned by delay in the carriage of passengers by air, as provided in the following paragraphs:
 - (a) The Carrier shall not be liable if it proves that it and its servants and agents took all measures that could reasonably be required to avoid the damage, or that it was impossible for it or them to take such measures.
 - (b) Airport, air traffic control, security, and other facilities or personnel, whether public or private, not under the control and direction of the Carrier are not servants or agents of the carrier, and the Carrier is not liable to the extent the delay is caused by these kinds of facilities personnel.

- (b) Damages occasioned by delay are subject to the terms, limitations and defenses set forth in the Montreal Convention, in addition to any limitation or defense recognized by a Court with proper jurisdiction over a claim.
- (c) The Carrier reserves all defenses and limitations available under the Montreal Convention, to claims for damage occasioned by delay, including, but not limited to, the exoneration defense Article 20 of the Montreal Convention. Under the Montreal Convention, the liability of the Carrier for damage caused by delay is limited to 5,346 SDR per passenger. The limits of liability shall not apply in cases described in Article 22(5) of the Montreal Convention.

Liability in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage

- 4. The Carrier is liable for damages sustained in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage, as provided in the following paragraphs:
 - (a) Air Saint-Pierre will not be held liable for damaged, delayed or missing luggage unless checked in directly with:
 - (i) Air Saint-Pierre (PJ) counters in St. John's (YYT), Halifax (YHZ), Montreal (YUL), Magdalen Islands (YGR);
 - (ii) ASL counters in Paris (CDG) – Terminal 3 – for direct flights Paris/St-Pierre;
 - (iii) Air France (AF) counters (Paris and provinces) and only with passengers travelling under AF and/or AF+PJ tickets via Montreal with FSP as final destination.
 - (b) Except as provided below, the liability of the Carrier is limited to 1,288 Special Drawing Rights for each passenger in the case of destruction, loss, damage, or delay of baggage, whether checked or unchecked, under the Montreal Convention. Unless the passenger proves otherwise:
 - (i) All baggage checked by a passenger shall be considered to be the property of that passenger;
 - (ii) A particular piece of baggage, checked or unchecked, shall not be considered to be the property of more than one passenger; and
 - (iii) Unchecked baggage, including personal items, shall be considered to be the property of the passenger in possession of the baggage at the time of embarkation.

- (c) The carrier does not propose/offer the passenger to declare a higher value for checked baggage. This service must be done with an insurance company proposing such a service.
- (d) In the case of unchecked baggage, the Carrier is liable only to the extent the damage resulted from its fault, or that of its servants or agents.
- (e) The carrier is liable for the damage sustained in case of destruction or loss of, or damage to checked baggage upon condition only that the event which caused the destruction, loss or damage took place on board the aircraft or during any period within which the checked baggage was in the charge of the carrier. However, the Carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage. Furthermore a limited release tag will be affixed to all baggage already damaged and/or fragile items and/or perishables Items at time of check-in which will not be considered for any claim of some sort.

Further, the carrier's liability for the destruction, loss, damage or delay of baggage is subject to the terms, limitations and defenses set forth in the Montreal Convention, in addition to any limitation of defense recognized by a Court with proper jurisdiction over claim.

- (f) The Carrier reserves all defenses and limitations available under the Montreal Convention, to such claims including, but not limited to, the defense of Article 19 of the Montreal Convention, and the exoneration defense of Article 20 of the Montreal Convention. The limits of liability shall not apply in cases described in Article 22(5) of the Montreal Convention.

Mobility aids

Note: Notwithstanding the normal carrier liability as contained in this rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid.

Service animals

Should injury or death of a Service Animal result from the fault or negligence of the Carrier, the Carrier will undertake to provide expeditiously, and at its own expense, medical care for or replacement of the service animal.

(B) Time Limitations on Claims and Actions

Under the Montreal Convention, an action for damages must be brought within two years, and a complaint must be made to the carrier within seven calendar days in the case of damage to baggage, and 21 calendar days in the case of delay thereof. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

(C) Notices

The Carrier will provide each passenger whose transportation is governed by the Montreal Convention with the following notice:

Advice to International Passengers on Carrier Liability

Passengers on a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that international treaties known as the Montreal Convention, or its predecessor, the Warsaw Convention, including its amendments, may apply to the entire journey, including any portion thereof within a country. For such passengers, the treaty, including special contracts of carriage embodied in applicable tariffs, governs and may limit the liability of the Carrier in respect of death or injury to passengers, and for destruction or loss of, or damage to, baggage, and for delay of passengers and baggage.

For services provided in the EU, the Carrier will use the following Notice in addition to the preceding notice:

“Limits of liability: the applicable limits of liability for your journey on a flight ticketed by the carrier are:

1. There are no financial limits for death or bodily injury and the air carrier may make an advance payment to meet immediate economic needs of the person entitled to claim compensation;
2. In the case of destruction, loss of, or damage (the carrier shall have no liability for any damage to baggage in the form of scratches, dents, scuffs, soiling, nicks, or to handles, straps, seams, zippers, wheels or locks, or resulting from manufacturer’s defect(s), normal wear and tear or adverse weather conditions. Furthermore a limited release tag will be affixed to all baggage already damaged and/or fragile items and/or perishables items at time of check-in which will not be considered for any claim of some sort.) or delay to baggage, 1,288 Special Drawing Rights per passenger in most cases. The Carrier does not propose the passenger to benefit from a higher limit of liability for loss of, damage or delay to baggage by making at check-in a special declaration of the value of its baggage and paying any supplementary fee that may apply. Consequently if the value of its baggage exceeds the applicable limit of liability, the passenger should fully insure it before its travel;
3. In the case of delay to your journey, 5,346 Special Drawing Rights per passenger.

If your journey also involves carriage by other airlines, you should contact them for information on their limits of liability.”

(D) Overriding Law

If any provision contained or referred to in the ticket or this tariff is found to be contrary to an applicable law, government regulation, order or requirement, which cannot be waived by agreement of the parties, such provision, to the extent that it is invalid, shall be severed from the ticket or tariff and the remaining provisions shall continue to be of full force and effect.

(E) Modification and Waiver

No agent, servant or representative of the carrier has the authority to alter, modify, or waive any provisions of the content of carriage or this tariff.

(F) Gratuitous Transportation

All passengers who are transported gratuitously by the carrier will be governed by all the provisions of this rule and by all other applicable rules of this tariff.

(G) Exclusion from Liability Respecting Goods

Please refer to the Carrier Tariff CTA(A) No.5 "TARIFF CONTAINING RULES, RATES AND CHARGES APPLICABLE TO TRANSPORTATION OF CARGO" which is published on the website of the Carrier.

Rule 120: Refunds

(A) General

1. The passenger must present to the Carrier or its authorized agent an itinerary/receipt, a record locator, or a reservation number as satisfactory proof that the passenger has unused portions of a ticket which are eligible for refund.
2. The carrier will make a refund to the person who purchased the ticket.
3. Acceptance of a refund by the passenger will release the carrier from further liability.
4. In any instance where refunds are appropriate, the carrier will process requests in a timely manner and refund the fare in the original form of payment. The carrier will process refund requests within 10 business days for credit card purchases, cash or cheque transactions.

(B) Involuntary Refunds

1. Involuntary refunds are not subject to any restrictions contained in the applicable fare rule.
2. If no portion of a ticket has been used, the amount of refund will be equal to the fare and charges paid.
3. If a portion of the ticket has been used, the amount refunded to the purchaser will be the one that results in the most generous amount using one of the following methods:
 - (i) The difference between the fare paid and the fare for transportation actually used or to be used; or,
 - (ii) Provided that the point where travel terminated was on the passenger's routing as shown on the original ticket and the routing remains unchanged, the passenger will be refunded the difference between the one way fare applicable to the unused transportation from the point where the passenger terminated travel to the destination or next stopover point as named on the ticket or to the point at which transportation is to be resumed less the same rate of discount, (if travel is on a discount fare) that was applied to the original one way fare (including all charges). If the passenger was travelling on a round trip or circle trip ticket, the amount refunded would be based on the rate of discount of one half of the round trip fare; or,

- (iii) If the point where the passenger terminated travel was not on the routing specified on the ticket, the refund will be based on the lowest applicable fare of any air carrier operating between the point where the passenger terminated travel to the destination or next stopover point named on the ticket or to the point at which transportation is to be resumed.
4. Involuntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible. However, Canadian dollar refunds or refunds in the currency of the country where the involuntary refund is necessary may be made at the request of the passenger provided a refund in such currency is not prohibited by local government foreign exchange control regulations.

(C) Voluntary Refunds

1. Voluntary refunds will be based on the applicable fare at the time of ticket issuance, and the refund will be made in accordance with any restrictions contained in the applicable fare rule.
2. Voluntary refunds will be made only by the Carrier which originally issued the ticket or its authorized agent.
3. If no portion of a ticket has been used, the refund will be full amount of the fare paid less any cancellation fee and/or service charge.
4. If a portion of the ticket has been used, the refund will be an amount equal to the difference between the fare paid and the applicable fare for travel between the points for which the ticket has been used, less any cancellation fee and/or service charge.
5. Voluntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible. However, Canadian dollar refunds or refunds in the currency of the country where the voluntary refund is requested may be made at the request of the passenger provided a refund in such currency is not prohibited by local government foreign exchange control regulations.
6. Non-refundable tickets can be exchanged for a future ticket for up to one year from the ticket issue date as long as the reservation is cancelled on or before the first travel date on the ticket.

(D) Refunds in the Case of Death

When transportation is cancelled as a result of the death of the passenger, a member of the immediate family or travelling companion, the refund will apply as follows:

1. Refunds in the case of death are not subject to any restrictions contained in the applicable fare rules.
2. If no portion of a ticket has been used, the amount of refund will be equal to the fare and charges paid.
3. If a portion of the ticket has been used, the refund will be equal to the difference between the fare paid and the applicable fare for travel between the points for which the ticket has been used and will not be subject to any cancellation fee and/or service charge.
4. Refunds will only be made upon presentation of the unused coupon(s) and death certificate, or a copy duly executed by the competent authorities (i.e. those designated to issue a death certificate by the applicable laws of the country concerned), in the country in which the death occurred.
5. In the case of death of the passenger, the refund will be made to the estate of the passenger.

(E) Refusal to Refund

1. The Carrier may refuse to refund the passenger's ticket if that ticket is presented for refund after its validity has expired.
